• Unleash Windows Hello 10

Windows Hello enables users to lock and unlock PCs and laptops with your fingerprint recognition.

This is how it works

1. If you are using Windows 10, click „Settings“
2. Click „Accounts“
3. Use your Windows password to generate a PIN
4. Choose PIN
5. Fingerprint setup is displayed
6. Enter your PIN
7. Follow the instructions to register your fingerprint into the system.

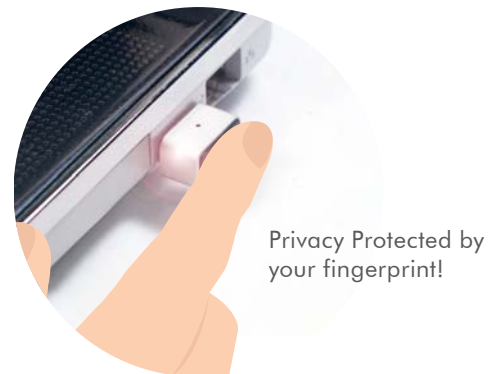

• Win7 Installation

1. Insert AU0047 to the notebook/PC.
2. Install the win7 driver.

Note: You will need to set up a password first before scanning your fingerprints. This enables continued data decryption if you lose the USB fingerprint reader.
