

Plinth for Canovate Standing Rack

Technical Features

Material: 2 mm steel
Finish: Electrostatic powder paint

This base is used for stabilisation, ground fixing or bottom cable entry. It is usable for Canovate free-standing server- or network cabinet. It is equipped with 2 openable cable entry panels. Furthermore, the base is prepared for installation of sliding anti-swing stabilizers, which are highly recommended to use on cabinets with heavy-duty sliding servers.

Plinth - RAL 9005 Black
